

Radioactive Materials Notification Form for Fire Departments

Instructions for Licensee:

Please complete and mail this form to the local fire department to notify fire officials of the presence of radioactive materials in the municipality. Refer to Section 5.15 of Division B of the Fire Code (O. Reg. 213/07, as amended) for additional requirements. For assistance in contacting the local fire department, please phone the Office of the Fire Marshal and Emergency Management at 647-329-1100.
